Guys i own a 93' Rolla AE100. It has a 5A-FE engine. It has done only 58,000Km and recently i've changed the fuel injectors. But now the car seems to redline at 5500rpm !!! Even if the nail the gas pedal to the floor still the needle gets no higher than 5500rpm. BTW...the car sat in the garage for almost a year.
