Black Spark White Fire Did

While we disagree on a number of issues, Black Spark, White Fire is the popular book that I am incapable of writing."—Martin Bernal, author of Black Athena "It is refreshing to hear the Afrocentric theory of ancient Egypt argued so persuasively, from a viewpoint that is neither liberal nor conservative, black nor white."—

Black Spark, White Fire: Did African Explorers Civilize ...

In Black Spark, White Fire, award-winning journalist Richard Poe explores new and controversial evidence from linguistics, archaeology, and anthropology, suggesting that Egyptian explorers may have landed in Greece 3 to 4,000 years ago, reared cities and pyramids, established cults, and founded royal dynasties. In the process, the spark they lit may have kindled the fire of Western Civilization.

Black Spark, White Fire: Did African Explorers Civilize ...

In Black Spark, White Fire: Did African Explorers Civilize Ancient Europe? (Prima Publishing, 1999), Poe, an award-winning author, follows historical and archaeological clues from southern Egypt as far north as ancient Colchis, the modern nation of Georgia.

INTERVIEW: Did African Explorers Civilize Ancient Europe ...

In "Black Spark, White Fire", Richard Poe challenges views on ancient history as accepted by elements of the Western Academic Establishment. What is particularly interesting about the book is that he doesn't really approach the subject as if he were preaching incontrovertible truths; instead, the reader is provided with enough information to draw their own conclusions.
